CQ= qualification code, requires Company authorization with referred rating, (if rating is noted, the same code as the rating has to be in the authorization

Last change (see revision bar in left column):

Reinstalled capability C16:12 for Hamilton 14 SF propellers
Added separate capability list for components with FAA dual release (p.6)

Clarification of C16:9

C16:9	6607100-series 13, 18, 19, 23, 24, 25 iaw ref table page 5	Propeller Assy	Dowty Aerospace	CMM 61-10-36 61-10-39	Propeller Overhaul/Motala	C16:9
--------------	--	-------------------	--------------------	-----------------------------	------------------------------	-------

Capability C16:9 approves overhaul to be performed on these propeller types and part numbers

Dowty propellers	
Type	P/N
R354/4-123-F/13	660710013
R354/4-123-F/20	660710018
